# Assistant Marine Operations Manager/Pilot

The Port of Cromarty Firth is a leading Trust Port and a powerhouse of the Highland economy. Having served the region and Scotland for over four decades, generating £275 million annually to the economy and supporting the high value and exciting employment in the area.

Our success to date has been achieved by embracing new industries and enhancing our infrastructure, to capitalise on opportunities and growth markets and as a result we have an immediate need for an Assistant Marine Operations Manager/Pilot.

Based in Invergordon, you will be responsible for planning the safe and expeditious berthing and departure of vessels. Other responsibilities include assisting with new marine projects, coordinating passage planning with the Master, keeping records of vessel movements, reporting defects and assisting with emergencies. You'll work with the Marine Operations Department to gather data, review policies and update procedures.

In addition, you will be working towards Class 1 pilotage status. With a focus of the role on the pilotage aspect of the business.

To apply, please submit a CV and covering letter stating your reasons for applying and why you are suitable for the role to recruitment@pocf.co.uk - closing date 21.01.24

About you:

- STCW II/2 (Masters unlimited) Certificate of Competency – applicants with lesser qualifications may be considered based on relevant experience.
- Previous pilotage experience
- Valid ENG1 (or equivalent)
- Excellent verbal and written communication skills
- Proven people management experience
- A great team player, being flexible and adaptable, paying attention to details, and having drive and ambition.
- Desirable Qualities - Experience in Emergency planning – Exercise and Incident planning.
- MCA Oil Spill Contingency certification
- Knowledge of management systems/CRM/SharePoint

The successful candidate will benefit from:

- Competitive salary
- Training and development
- Benefits include: Pension, Healthcare, Life Insurance, Holidays
